Students who were born before 1957, are enrolled in only one class or are enrolled in extension classes are exempt from this law.

Anyone enrolled for more than one class summer quarter who fails to submit the required information to the University Health Services by will not be allowed to advance register for the next quarter. Forms are available from Health Services, Hill Hall.

Information about Registration

PLEASE READ CAREFULLY

You must read all directions before you attempt to register. All registrations and/or drops/adds must be done using a touchtone telephone. (See directions for exceptions.) You are responsible for all transactions and adjustments to your class schedule and all financial and academic consequences that result from that schedule. You are responsible for all charges associated with phone calls. Calls may be monitored/recorded for security and evaluations. Unauthorized use of the registration system may result in criminal prosecution. A student who tampers or attempts to tamper with the registration of another student may be subject to disciplinary action and/or criminal prosecution.

WHAT IS TOUCHTONE REGISTRATION?

Touchtone registration is one component of the Office of Records and Registration's voice response system. The voice response system will allow you to add classes, drop classes, verify your class schedule, search for open classes, and confirm your assigned registration time using a touchtone telephone. Take a few minutes to read the instructions in the quarterly Class Schedule, become familiar with the system's features, and refer to the registration worksheet each time you wish to drop or add a class.

The voice response system will work effectively for the user who is well prepared to use the system. The first use of the system will be to add (register for) classes. It is important that the following steps be followed for a successful registration.

Step 1. Carefully read all instructions in the quarterly Class Schedule. Your academic adviser will be able to answer your questions regarding academic requirements and the Office of Records and Registration personnel will be able to answer your questions on the "HELP" line regarding registration procedures.

Step 2. Select your desired classes for the term. The *General Bulletin* and *General Education Check List* are helpful when selecting required classes for undergraduate programs. You are responsible for knowing specific class restrictions, such as admission to major, minimum grade point average, minimum number of credits, permission form required, etc. These restrictions are listed in the *General Bulletin* or quarterly Class Schedule. The *Graduate Bulletin*, adviser or personnel in the Office of Graduate Studies should be consulted for graduate program requirements.

Step 3. Complete the Touchtone Registration System Worksheet form found in the quarterly Class Schedule. In your planning, be prepared with alternate classes as well as alternate sections.

Step 4. If you are currently enrolled and wish to register for the next term, you must see your academic adviser if you are not yet admitted to a major program. The adviser will make certain the classes recorded on the working schedule are appropriate for your intended major or minor or that the classes will satisfy general education requirements. You are expected to make an appointment to see your adviser at least two days before your earliest time to register. Your adviser will have your registration permit which will indicate your registration access code.

Step 5. Check the Registration Timetable for your earliest registration time. The registration time is listed on the registration permit for students not officially admitted to a major as well as in the instruction section of the quarterly Class Schedule. Registration is permitted any time after the published time.

Step 6. Complete the registration worksheet found in the quarterly Class Schedule. The worksheet will provide step-by-step instructions on how to use the touchtone registration system. The worksheet should be consulted each time you wish to access the voice response system.

Step 7. All financial and academic "holds" must be cleared to add classes. You will receive a billing for any outstanding financial obligations. Since it may take up to three working days for "holds" to be removed, it is important that you pay all financial obligations as soon as the obligation becomes

due. A late payment will mean a delay in processing "add" transactions.

Step 8. For the best possible class selection, you should call the touchtone registration telephone number as soon as possible after your earliest registration time. If you experience a busy signal, try again since there will be a minimum of thirty telephone lines available for the voice response system. Do not call before your earliest registration time because these calls will prohibit others from using the voice response system.

HOW DOES TOUCHTONE REGISTRATION WORK?

All entries are made on a touchtone telephone.

If you wish to add a class, you will press "2". The voice response will ask you to enter seven digits; the department number, class number and section number. The voice response will indicate if the class was added. See *Adding Classes*.

If you wish to drop a class, you will press "3". The voice response will ask you to enter seven digits; the department number, class number and section number. The voice response will indicate if the class was dropped. See *Dropping Classes*.

If you wish to speak to someone when you need assistance, you will press "4" (which stands for help). You may also call 255-3936 for help without accessing the voice response system. The Help line will be available 8:00-4:00, Monday-Friday. **WARNING:** When you enter "4" you are leaving the touchtone registration system and must redial if you wish to process additional transactions.

If you wish to obtain a listing of your class schedule, you will press "5." The voice response system will list all scheduled classes as well as times and location.

If you wish a list of all voice response functions, you will press "6."

If you wish to search for an open class or see if a specific section is open, you will press "7" (S). The voice response system will list all open sections and meeting times, and if the section conflicts with your current schedule of classes.

If you wish to terminate your call, you will press "8."

If you wish to drop or withdraw from all classes in your schedule, you will press "9."

If you wish the touchtone registration system to repeat the last message, you will press "***" (the star * symbol twice).

If you wish to cancel the current input because you made an error or changed your mind do not hang up, you will press "*#" (the star * symbol and then the pound # symbol). This will work only if you have not completed the entire entry. This will be used anytime between Step 3 and Step 5A on the worksheet.

It is important to know that you may interrupt some of the voice responses by entering an action code. However, we suggest that you listen to the entire message for all functions, except possibly the search function. If you wish to interrupt the search since you do not require a listing of any additional open sections, simply enter any action code; for instance, press “2” to add a class.

GENERAL INFORMATION

PROPER REGISTRATION IS YOUR RESPONSIBILITY. Advisers are assigned to assist in the selection of courses, but the ultimate RESPONSIBILITY RESTS WITH YOU. Read this class schedule and refer to the General Bulletin to insure that you are using correct course numbers and have met prerequisites, general education, major and minor requirements. Please read all directions carefully; it will save you time. The university reserves the right to withdraw or modify any course including the change of instructors or time and place of class meetings.

ACADEMIC PROBATION

Students on academic probation spring quarter may not register for summer quarter until June 10, 1993.

ACCESS CODE

If you are currently enrolled in day classes and not yet officially admitted to a major, you must receive a permit to register from your adviser before you attempt to register. Your registration permit will indicate your earliest registration time (See *Registration Timetable*) as well as your four-digit access code. The access code is used only once each term and is not required after April 30, 1993.

ADDING CLASSES (Registration)

WARNING! You are responsible for all transactions and/or adjustments to your class schedule. Please do not add (register for) more classes than you plan to complete. This will deny other students entry to that class. You must use a touchtone telephone to add (register for) a class for summer quarter.

To add a class you will use action code “2.” After entering “2” enter the two-digit department number, three-digit class number and two-digit section number. The voice response will indicate if the class was added or the reason why it was not added.

The system has an automatic drop feature. If you add a different section of an already scheduled class, the duplicate (first) section will be automatically dropped. For example, if you are currently enrolled in BIOL 101, section 4, and wish to add section 6, it will not be necessary to drop section 4 before attempting to add section 6. Simply use the add (“2”) feature adding section 6. If that section is open and does not create a time conflict with an already scheduled class, section 6 will be added and section 4 will be automatically dropped from your class schedule. A message will verify the transaction.

ADMISSIONS

New undergraduate students must submit an application for admission. Write the Office of Admissions, 115 Administrative Services Building, St. Cloud State University, 720 Fourth Avenue South, St. Cloud, MN 56301-4498.; Phone 612-255-2243, or contact your high school counselor for admission information and materials. The Admissions Office welcomes prospective students who wish to tour the campus and/or visit with an admission counselor.

New graduate students must write to the Office of Graduate Studies for admission information and materials. Write the Office of Graduate Studies, St. Cloud State University, 720 Fourth Avenue South, St. Cloud, MN 56301-4498; Phone 612-255-2113.

New students not pursuing a degree at St. Cloud State University are automatically classified as a special student. The data form in back of class schedule will serve as the admission form for special students. These students will begin registration on April 28 using the last two digits of their social security number to determine their earliest registration time.

ADVISING

All undergraduate students enrolled in day classes spring quarter who have not been officially admitted to a major program of study must confer with their faculty adviser if registering before May 1. Students should have the working schedule form completed before seeing their adviser. Faculty advisers will give students a permit to register which indicates the earliest registration time and the registration access code which is required to add classes before May 1, 1993. See your adviser at least two days before your earliest registration time.

Students who are on “academic probation” spring quarter may not register before June 10 for summer quarter. Students on “normal progress” probation may follow the Registration Timetable for summer quarter.

ADVISING-PREBUSINESS STUDENTS

ALL PREBUSINESS STUDENTS MUST OBTAIN THEIR ADVISER'S SIGNATURE IN BUSINESS BUILDING 123 AS FOLLOWS:

PRE-BUSINESS: 8:00 a.m.-4:00 p.m. April 5-16

You must have completed the PPST to register for upper division (300-400 level) classes designed specifically for teacher education programs. For additional information contact the Dean's Office, College of Education, Education Building A110.

PRE-REQUISITE

An asterisk (*) behind the department name indicates there is a pre-requisite for the course which is listed in the *General Bulletin* or the *Graduate Bulletin*. You must have the instructor's permission to register for a class if you are not currently registered or have completed the pre-requisite.

PRIORITY REGISTRATION

Priority registration is granted for the following groups of students: students with disabilities, students admitted to graduate level programs, students admitted to the North Hennepin Nursing program, and students admitted to the honors program with 44 SCSU credits completed who have been "approved" by the director of honors. Students in the above groups may register at the time indicated on the registration timetable or anytime after that time. If students with disabilities need assistance with registration, please contact the Office of Records and Registration, Administrative Services Building, Room 117.

REBATES FOR INTERNS AND STUDENT TEACHERS

Interns and student teachers may apply for a rebate of a portion of the student union and activities fees they have paid if their duty station is located more than fifty (50) miles from St. Cloud (as defined by the State of Minnesota Mileage Chart). The rebate forms are available in the Administrative Services Building, Room 117. The Rebate Request Form must be returned to AS-117 no later than the final day of Second Summer Term.

SEARCH FOR OPEN CLASSES

You may search for open sections of a class by entering an action code of "7". By entering section 00, the voice response will indicate up to five open sections and if an open section conflicts with any other class in your class schedule.

TERM CODE

You will be asked to enter a term code. For first summer term enter "1," for second summer term enter "2." You may register for both terms on the same telephone call. Enter a "1" for the term code for first summer term. Complete all transactions for first summer term. Enter "2" (for second summer term) when asked if you wish to request another term. If you enter an incorrect "inactive" term code, you will be asked to enter the correct term code. If you enter an incorrect "active" term code, you must enter an "8" to

terminate that term and an additional "8" to be allowed to enter the correct term code.

TIME CONFLICTS

You must not schedule a time conflict (two courses meeting at the same time) without written permission from one of the department chairpersons involved. Submit the permission form in person to registration personnel in the Administrative Services Building, Room 117.

TIME LIMITS

There is a ten minute time limit for each call to the touchtone registration system. If no entry is made within 45 seconds, the call will also be terminated. Therefore, it is imperative that you use the time on the system efficiently.

TOUCHTONE TELEPHONE

A touchtone telephone must be used to register for classes summer quarter. Any touchtone telephone may be used if not utilizing a "pulse" phone line. If you do not have access to a touchtone telephone, two telephones are available for registration in the visitor's area in the Administrative Services Building across the hall from Room 118 and in Atwood Center. Any touchtone telephone may be used. However, you will find a touchtone telephone with the key pad in the receiver (Cordless, Princess, Slimline) very difficult to use. You must listen and enter data at the same time.

VARIABLE CREDIT

A course listed with VR credit means the course may be taken for variable credit. The number of credits must be approved by the instructor and department chairperson. Forms are available from the department chairperson and must be submitted to registration personnel in the Administrative Services Building, Room 117.

REGISTRATION TIMETABLE (April 5-30)

Registration is scheduled by priority and credit hours completed. Do not attempt to enter the touchtone registration system before your scheduled time to register. This will prohibit other students from using the touchtone registration system.

State and Federal laws do not allow the Office of Records and Registration to release your registration time via the telephone. Do not call requesting your registration time. A written request will be answered. No one will be allowed to process an add before their earliest scheduled registration time. You may add (register) anytime AFTER your earliest scheduled registration time.

Registration by priority and credit hours completed ends on April 30. See **Registration Timetable** for additional times. A TOUCHTONE TELEPHONE MUST BE USED DURING THIS TIME. ALL ADDS AFTER JUNE 10 FOR FIRST SUMMER TERM AND JULY 15 FOR SECOND SUMMER TERM MUST BE PROCESSED IN ADMINISTRATIVE SERVICES BUILDING, ROOM 117. LATE FEES WILL APPLY.

PLEASE DO NOT CALL BEFORE YOUR EARLIEST SCHEDULED TIME.

Services

Financial Aid

Summer financial aid eligibility is based on application materials submitted for the previous academic year. A separate summer application is required; these are available in the Office of Scholarships and Financial Aid the end of March. Students may be eligible to receive the following types of aid:

- 1) Stafford Loan
- 2) Parent Loan (PLUS)
- 3) Supplemental Loan to Students (SLS)
- 4) Student Educational Loan Fund (SELF)
- 5) Minnesota State Grant
- 6) Pell Grant
- 7) Work Study Employment
- 8) Unsubsidized Stafford Loan

Pell Grant and Minnesota State Grant funds may be available to students who have not used their full eligibility (three full-time quarters) from the preceding award year. Students who have used their full eligibility from the preceding year will not receive these grants in the summer.

Students must be enrolled at least half time to be eligible to receive any of the above types of aid. Regulations stipulate that a student must be accepted into a degree or certificate program in order to be eligible to receive aid. Students must attend first summer session in order to receive aid.

Students with five or less credits may apply for Minnesota Part-Time Grant assistance. For more information regarding the summer aid application process or application materials contact the office of Scholarships and Fin. Aid, 106 Admin. Services Bldg, phone (612) 255-2047.

SATISFACTORY ACADEMIC PROGRESS

All schools that process financial aid are required by federal and state regulations to have a satisfactory academic progress policy. The policy defines the standard a student must maintain in order to be eligible to receive financial aid. Each school's policy must be in compliance with federal guidelines, but each school defines their own policy within those guidelines. SCSU's satisfactory academic progress policy has three major factors that are taken into account in determining a student's standing:

- 1) A minimum number of credits earned based on the number of quarters a student has attended school (including schools from which students transferred credits).
- 2) A minimum grade point average (GPA) requirement, which is based only on SCSU credits. After three quarters of attendance, a student must have at least a 1.5 cumulative GPA. After six quarters the minimum GPA is 1.75, and after eight or more quarters of attendance, the minimum GPA is 2.0.
- 3) A maximum timeframe in which to earn a degree. Students will have up to 16 quarters of

full-time equivalent attendance to earn a bachelor's degree. This includes all quarters of attendance - whether or not the student received aid. After a student has enrolled for the equivalent of 16 full-time quarters he/she would no longer be eligible to receive aid for a first bachelor's degree. The maximum timeframe of eligibility for post-baccalaureate or graduate students is different than that for undergraduate students.

For more details regarding SCSU's satisfactory academic progress policy for financial aid recipients, contact the Office of Scholarships and Financial Aid.

University Housing

Single and double rooms for men, women and married couples are available in the residence halls. Approximate rates will be \$150.00 per person/per session--double room, \$185.00 per person/per session--single room. Daily rates are \$9.00 for a double room and \$12.00 for a single room. These rates are subject to change by action of the State University Board. The residence halls will open for occupancy beginning at 1:00 p.m. Sunday, June 13, and will remain open for both summer terms. If you are interested in reserving a room in a residence hall you may write directly to the Director of Housing, Carol Hall, St. Cloud State University, 720 South 4th Avenue, St. Cloud, MN 56301-4498, or phone 612-255-2166 for the necessary application materials. During the summer terms, reservations are for residence hall rooms only. Students should furnish personal items including pillows, linens and blankets for a twin size bed. Food service is available at Atwood Center on a cash a la carte basis. The halls also provide small kitchen units which are available for snack preparation. Room refrigerators may be rented.

St. Cloud State University Campus Child Care Center

St. Cloud State University's Campus Child Care Center enrolls children aged infant (2-15 months), toddler (16-30 months) and preschool (31 months-5 years). During the summer sessions, services are available from 7:00 a.m. to 4:00 p.m., Monday through Thursday.

The Center is licensed by the MN Department of Human Services to serve 57 full-time equivalent children. *There is high demand for these limited spaces* however, and currently enrolled children have an enrollment priority for the next quarter. **Make your arrangements early.**

WAITING LIST. Because many Summer School students attend SCSU only during the summer, *we maintain a Summer Only waiting list*, as well as our regular external waiting list. Therefore, when making your summer child care arrangements, *be sure to specify in your initial contact with the Center*, that your needs are for Summer Only.

Health Insurance

The State University System traditionally has sponsored a student health insurance plan underwritten by a private insurance company. If you are not covered by your parent's plan or do not have an individual plan, you should consider the State University System sponsored plan. However, at the time of printing this bulletin, the extent of coverage and the cost of premiums has not been determined. Should you need medical insurance, please check with Student Health Services for further information. If you desire this insurance, you **must** sign up and pay for it during registration or during the first 10 class days. No insurance will be available after the 10th class day.

Policy on the Use of Alcohol and Other Drugs

St. Cloud State University

I. Introduction

St. Cloud State University recognizes that the unlawful possession, use or distribution of alcohol and other drugs is a significant social problem with a potential for causing severe effects to SCSU's work force and student population. SCSU recognizes that drug dependency may be an illness. Consistent with this understanding, however, SCSU has an obligation to ensure that its employees perform their jobs efficiently, safely, and in a professional business-like manner. Additionally, SCSU has an obligation to ensure that its students maximize their educational opportunities in an open, supportive environment.

The purpose of this document is to set forth SCSU's policy regarding alcohol and other drug use by its students and employees. It is a compilation of excerpts from the Policy On Alcohol And Other Drug Use By State Employees, Alcoholic Beverages and Drug Policies as outlined in the *Student Handbook*, the Residence Hall Policies and the NCAA Regulations.

II. Scope of Coverage

This policy is applicable to all students and employees of SCSU. Questions regarding the policy should be addressed to the Associate Dean of Students, the Director of Personnel, or the Special Assistant to the President.

III. Effects of Alcohol

Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol also increase the incidence of a variety of aggressive acts, including spouse and child abuse. Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucination, and convulsions. Alcohol withdrawal can be life threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition can also lead to permanent damage to vital organs such as the brain and liver.

Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at greater risk than other youngsters of becoming alcoholics.

IV. Prohibitions and Reporting Duties

While persons who are at least 21 years old may possess or consume alcoholic beverages in a legal manner away from campus, *no* person may possess or consume alcohol on State property other than on those special occasions when a non-profit group may obtain and use a special license and permit. A person or organization is prohibited from accepting donations or charging for alcoholic beverages served off campus without the required liquor license. No person on a city street, sidewalk or parking area shall consume, dispense or possess uncapped containers of any alcoholic beverage including 3.2 beer. Off-campus purchase of a keg requires a city permit, property owner's permission for a permit and is limited to one keg per residence. Violation of any of these prohibitions and requirements is a misdemeanor.

No employee shall report to work under the influence of alcohol, marijuana, controlled substances, or other drugs which affect her/his alertness, coordination, reaction, response, judgment, decision-making or safety. No employee shall operate, use or drive any equipment, machinery or vehicle of the State while under the influence of alcohol, marijuana, controlled substances, or other mood-altering drugs. Such employee is under an affirmative duty to immediately notify her/his supervisor that he/she is not in appropriate mental or physical condition to operate, use or drive State equipment. No employee shall unlawfully manufacture, distribute, dispense, possess, transfer or use a controlled substance in the workplace or wherever the State's work is being performed. During work hours or while on the State's premises, no employee shall use, sell, possess or transfer alcoholic beverages, with the following exceptions:

- (1) consumption, possession, sale or purchase of alcohol when authorized by a Commissioner under separate statutory or executive agency authority;
- (2) possession of alcohol while being transported in a State vehicle in compliance with applicable statutory requirements;
- (3) possession of alcohol while in an employee's personal vehicle on the State's premises in compliance with applicable statutory requirements.

Additionally, employees shall not participate in these activities during rest breaks or during overtime work. Engaging in off-duty sale, purchase, transfer, use or possession of illegal drugs or controlled substances may have a negative effect on an employee's ability to perform her/his work for the State. In such circumstances, the employee is subject to discipline. When an employee is taking medically authorized drugs or other substances which *may alter job performance*,* the employee is under an affirmative duty to notify the appropriate supervisor of her/his temporary inability to perform the job duties of the position. Employees are discouraged from consuming alcoholic beverages during lunch or dinner meals when returning immediately thereafter to perform work on behalf of the State. Employees are advised that in any situation subsequent to the intake of alcohol where the employee must continue conducting the State's business,

Attention Students

This document complies with the Drug-free Schools and Communities Act.

any employee whose condition or behavior adversely affects her/his work performance shall be subject to possible discipline, up to and including discharge.

**defined as changed behavior which may limit an employee's ability to safely and efficiently perform the job duties, or poses a threat to the safety of the employee or others*

V. Consequences of Violation

Violations of this policy may constitute just cause for discipline. The University may confiscate or turn over to the civil authorities any alcohol, other drugs, drug paraphernalia, or any information regarding violation of this policy. Employees who violate this policy are subject to discipline including but not limited to oral reprimands, written reprimands, suspension and termination. Employees involved in the performance of a federal contract who are convicted under a criminal drug statute for a violation occurring in the workplace must notify SCSU within five days of the conviction and, in addition to being disciplined, will be required to participate satisfactorily in a drug abuse assistance or rehabilitation program. Students who violate this policy are subject to discipline including but not limited to community service, residence hall probation, removal from residence halls, warning probation, suspension and expulsion. Student athletes who violate this policy are also subject to being declared ineligible for play for the remainder of the season or for the rest of their SCSU academic career. Where appropriate, SCSU also may notify the appropriate licensing board or federal granting agency. Each situation will be evaluated on a case-by-case basis depending upon the severity and circumstances involved. The following information explains state and federal laws and penalties which civil authorities may impose:

Federal Penalties and Sanctions for Illegal Possession of a Controlled Substance

21 U.S.C. 844(a)
